

Sept 19/20th – Eromit Acres

Site Rules:

- 1) Please drive slowly through the yard! Watch for critters, kids and oncoming traffic
- 2) Clean up after your dog. Garbage bins are provided for poop disposal and if you're short a bag, please ask.
- 3) Sick dogs- please do not bring your dog if they are ill. This includes dogs who have kennel cough or have been recently exposed. Dogs with any sort of contagious parasite like fleas, lice, giardia. No dogs who have been diagnosed with Brucellosis are permitted anywhere on Eromit Acres. Be considerate to the the health of your fellow competitor dogs and err in the side of caution. We will happily refund any entry fees for dogs who can't make it due to being ill.
- 4) Specific rules for the agility match and dock match will be offered on the weekend. We will be trying to keep things running in a timely manner so please have your dog ready to go when your turn is coming up. Areas for shade tents/crating in the dock ring, please feel free to get set up.
- 5) For the sanity of our neighbors, please limit barking as much as you can. We don't expect all dogs to be silent but use a crate cover if you know your dog gets too excited watching the others work.

Agility Specifics:

We will run two courses each day. These will be 'games' type courses. One course will be all jumps and tunnels. The other will include all equipment. Training in the ring is allowed and encouraged but remember training is FUN ;) Toys will be permitted in the ring. Choose your jump height, we don't care if you jump way lower than your competition height or not.... If you are running a young dog, make a safe choice (you can select the 'bar on the ground' option). Please do not enter the agility runs if you have absolutely no agility experience, it's just too risky and there will not be enough time to do a safe introduction in your 90 second turn. Bait bags with treats are also permitted but please avoid dropping treats on the course (as it may distract the next dog). We will offer mulligans (a retry on the same choice) after everyone has had their turn, time permitting. Volunteer bar setters would be appreciated. You will have 90 seconds in the ring for each run to either run the course or use as you please (work on startlines, do contacts, etc). We will time the courses for those who want to run them as numbered. Every run entered will earn you a ticket to a draw with some fun prizes.

Dock Specifics:

We will be running under slightly modified Xtreme Air rules, taking into consideration that many dogs who are entering are just learning the sport. Each day we will run two "Waves" of Xtreme Air (distance). You will be permitted to jump off the ramp if your dog is not yet jumping off the dock, this will run as a separate division and will be scored. Each Wave consists of two jumps, only your dog's furthest jump will count. Based on the distance of their furthest Xtreme Air jump, your dog will qualify for the "Finals" wave. There will be a prize awarded to the winner in each division. Each time you are on the dog for an Xtreme Air jump, you will get 90 seconds to complete the jump (in other words, take a few seconds to get your dog pumped up before you do the jump, if required). The next dog should be ready to go on the dock as soon as the previous one exists the pool. You may choose to enter one, or both of the Xtreme Air Waves. There is no charge for the finals wave.

In addition to the Xtreme Air distance event, we will also be having one Wave of Xtreme Retrieve. In Xtreme Retrieve, you will start with your dog no closer than 20 feet back on the dock. When given the "Go" signal, your time will start and you will release your dog to jump, swim, and return with the toy that was suspended at the end of the pool. The time will stop when your dog crosses the 8 foot line on the way back. For this fun match, you may choose to have us suspend your own personal toy, or the standard Xtreme Retrieve foam bumper. If there is enough interest, we will have a modified division of speed retrieve for dogs going off the ramp with the toy suspended at the 25 foot mark.

FUN AND SAFETY are our priorities. Please keep dogs back from the pool when they are not competing, and a minimum of 10 feet away from any other dog at all times. Please feel free to ask if you have any questions, we'll try to explain things as best we can and will provide a demo dog for each wave. If time allows, practicing between waves for those who have entered at least one event will be permitted.
